Positive Growth Inc. (PGI) is a non-profit organization accredited by the National Council on Accreditation (COA). Our mission is to strengthen the lives of children, youth, adults, and families during difficult life transitions. We help people with mental-illness, substance abuse disorder, emotional, behavioral and developmental needs to live productive, healthy and valued lives within our community through treatment and support services.

PGI was founded in 1994 to provide consultation to residential treatment facilities in the metro Atlanta area. After realizing the high rate of delinquency and homelessness in Georgia, PGI decided to increase its service base by providing troubled and homeless adolescent males with a clean, safe and nurturing environment to call home.

Fueled by a sincere passion to help youth succeed, the former Partridge Rest Home was purchased in January 1996 and renovated within a year. PGI was approved for operation from the Department of Human Resources and received its child care license in October 1997, opening its doors as a quality residential, out-of-home placement for troubled and/or homeless males 6-21 years of age. In 2007, PGI initiated its community based, family service program through the Positive Growth Counseling Center to provide integrated child-focused and family-centered services throughout the metro Atlanta area. Georgia native John LaFoy designed the Lakemont Course at Stone Mountain Golf Club. It features incredible views of Stone Mountain and the lake. The front 9 holes of the Lakemont Course wind around Stone Mountain Lake, with six holes having water in play. The back 9 offers beautiful holes with rock outcroppings and four holes where water comes into play. LaFoy's penchant for mounding and dramatic bunkering is evident throughout the course. The dramatic elevation changes offer a unique ambience that appeals to every golfer.

The tournament will consist of:

Four-Man Scramble
